

## Single Feasible Source Purchase

Title: Gas Chromatograph/Mass Spectrometer

Description: The Missouri State Highway Patrol requires gas chromatograph/mass spectrometers compatible with their existing Chemstation data system equipment. Agilent Technologies of Rosemount, Minnesota is the only manufacturer of a system described above which includes the Chemstation data system. Due to the significant existing investment in equipment, software and data with Agilent, it is in the best interests of the State of Missouri to purchase this equipment via a single feasible source procurement from the sole proprietor, Agilent Technologies.

Contract Period: Date of Award through One Year
